

Orphan drug program

Navigating orphan drug restrictions and accessing voluntary manufacturer pricing can be challenging and time-consuming. Our orphan drug program can help. We identify orphan drugs and proactively communicate with manufacturers to secure voluntary pricing on your behalf, so you can focus on what matters most.

Unlock value through enhanced orphan drug program

How we can help

- **Enhance compliance** with documentation and reporting tools to navigate manufacturer restrictions and prepare for HRSA and/or manufacturer audits
- **Leverage our reach** to identify and facilitate contract requests on your behalf
- **Make more informed business decisions** with an updated list of orphan drugs covered by voluntary pricing contracts
- **Potentially save** on drug costs and eliminate administrative burden of managing orphan drug lists and ongoing contract negotiations
